Hope Academy University Campus
Members of the Board of Directors

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the Hope Academy University Campus (the School) for the fiscal year ended June 30, 2012. The CAFR is designed to assist and guide the reader in understanding its contents. The report consists of three major sections:

Introductory Section The Introductory Section includes the Transmittal Letter, a list of our Board members, an organizational chart, and GFOA Certificate of Achievement.

Financial Section The Financial Section consists of the Independent Auditor's Report, Management's Discussion and Analysis, and the Basic Financial Statements as well as the Notes to the Basic Financial Statements that provide an overview of the School's financial position and operating results.

Statistical Section The Statistical Section includes selected financial and demographic information about the School on a multi-year basis.

The School's management is responsible for the reliability of the data presented and the completeness of the presentation, including all disclosures. To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the School. All disclosures necessary to enable the reader to gain an understanding of the School's financial activities have been included.

Further, the School has established a comprehensive framework of internal controls that is designed to compile sufficient reliable information for the preparation of its financial statements in accordance with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the School's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements.

Ohio law requires independent audits be performed on all financial operations of the School either by the Auditor of State or an independent public accounting firm in accordance with generally accepted accounting principles (GAAP) and generally accepted auditing standards (GAAS). Rea & Associates, Inc. rendered an opinion on the School's financial statements as of June 30, 2012, and the Independent Auditor's Report on the Basic Financial Statements is included in the Financial Section herein.

As required by GASB Statement No. 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments," management is also responsible for preparing a discussion and analysis of the School. This Letter of Transmittal is designed to complement the Management's Discussion and Analysis and should be read in conjunction with it. This discussion follows the Independent Auditor's Report and provides an assessment of the School's finances for fiscal year 2012 and the outlook for the future.

Profile of the Government

Ohio charter schools began operating after the passage of a 1997 State law. Charter schools, commonly referred to as “community schools” in Ohio, are public, non-profit, non-sectarian schools established to operate independently of any School District. These schools also are exempt from many of the education laws of the State allowing them to bring innovation and efficiency to the traditional education model. More importantly, the passage of this law made the concept of school choice a reality in Ohio. As required by law, each of these community schools must have a sponsor. Effective July 1, 2011, the School entered into a contract with a sponsor, Buckeye Community Hope Foundation (BCHF). BCHF provides oversight and advisory services to 43 community schools throughout the State.

Hope Academy University Campus is an elementary school offering grades K-8. The School, which first opened its doors in August of 1998, is located in downtown Akron, Ohio and is run by a seven-member Board of Directors. The School has contracted with HA University, LLC, a subsidiary of White Hat Management, LLC, to operate the School on a day-to-day basis. White Hat Management is a national leader in professional education management that operates 33 schools in three states under the auspices of three separate educational ventures. The Company has managed the School since its inception.

Economic Issues

Since the enactment of community school legislation, the School has been funded solely on the per pupil funding set forth by State of Ohio (see Statistical Section for historical funding levels). Historically, the School has seen an increase in the base level per pupil funding amount. However, this amount is still less than the amount that traditional school districts in the State receive per pupil, primarily because community schools are not authorized by statute to levy taxes in the communities that they operate in. By comparison, the Akron City School District receives over \$17,000 in average per pupil funding from all sources whereas the School (which is also located in the City of Akron) receives only \$9,416 from all sources. These disparities in funding are, in part, the reason why contracting with a professional educational management firm like White Hat Management was an attractive option. By managing multiple schools, the Company is able to gain operational efficiencies that are more difficult to achieve in a stand-alone school. In November 2005, the School renewed its management agreement with White Hat and its affiliates (see Note 7 for a full description of services provided by the Company).

As discussed later, the School was funded on 379 full-time equivalent students for fiscal year 2012. As of the date of this letter, it is expected that the School will maintain that enrollment with the possibility of a slight decline consistent with declines seen in other Hope Academies throughout the State. Obviously, any decline in enrollment would have a direct corresponding impact to current year revenues.

As a result of legislative changes, management companies that operate schools in the State of Ohio are required to provide more disclosure on how monies paid by the School to the company are spent. Auditor of State Bulletin No. 2004-009 provided the guidelines of how management companies are expected to comply with this provision and Note 8 to the basic financial statements under the Financial Section includes the required information for fiscal year ended June 30, 2012.

Awards and Acknowledgements

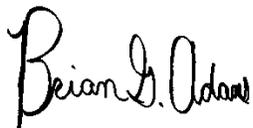

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Hope Academy University Campus for its CAFR for the year ended June 30, 2011. The School has received the award annually since 2004. The School was also acknowledged by the Ohio Department of Education as being one of the first community schools in the State to ever receive such an award. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and effectively organized CAFR, whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report, which is included herein, will conform to the high standards required by the Certificate of Achievement program.

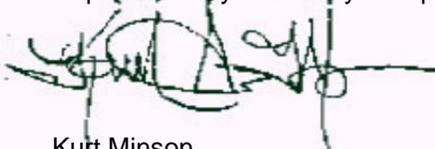

The Comprehensive Annual Financial Report was prepared by the fiscal management team for the School. Their commitment to this process has helped to make this report possible. We would also like to thank Mr. Minson and other members of the Board of Directors and Finance Committee for their support in this endeavor. It is truly appreciated.

Finally, we would like to thank our School community for entrusting us with the education of your children. You are the reason we are here. We are committed to bettering our students, their parents, and the communities we serve by providing the very best alternative in public education.

Sincerely,

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the Hope Academy University Campus, Summit County, Ohio (the School), as of and for the year ended June 30, 2012, which collectively comprise the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the School, as of June 30, 2012, and the respective changes in financial position and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2012, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements,

and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the School's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2012
(Unaudited)**

The discussion and analysis of the Hope Academy University Campus (the School) financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements, and the notes to the basic financial statements to enhance their understanding of the School's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Financial Highlights

- In total, net assets decreased \$83,888, which represents a 123.8 percent decrease from 2011. This is due to operating expenses exceeding revenues.
- Total assets decreased \$74,446, which represents a 40.6 percent decrease from 2011. This was primarily due to the decreases in cash, state funding receivable, and grant funding receivable.
- Liabilities increased \$9,442, which represents an 8.2 increase from 2011. This was due to increases in grants and state funding payable.

Using this Financial Report

This report consists of three parts: the MD&A, the basic financial statements, and notes to those statements. The basic financial statements include a Statement of Net Assets, a Statement of Revenues, Expenses, and Changes in Net Assets, and a Statement of Cash Flows.

The School uses enterprise presentation for all of its activities.

Statement of Net Assets

The Statement of Net Assets answers the question of how the School did financially during 2012. This statement includes all assets and liabilities, both financial and capital, and short-term and long-term using the accrual basis of accounting and economic resources focus, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all revenues and expenses during the year, regardless of when the cash is received or paid.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2012

Table 1 provides a summary of the School's net assets for fiscal years 2012 and 2011.

(Table 1)
Statement of Net Assets

	2012	2011
Assets		
Current Assets	\$ 106,294	\$ 179,440

Investment in Capital Assets	2,600	3,900
Unrestricted	(18,751)	63,837
Total Net Assets	\$ (16,151)	\$ 67,737

Total assets decreased \$74,446, which represents a 40.6 percent decrease from 2011. This was primarily due to the decreases in cash, state funding receivable, and grant funding receivable. Liabilities increased \$9,442, which represents an 8.2 increase from 2011. This was due to increases in grant and state funding payable.

Statement of Revenues, Expenses, and Changes in Net Assets

Table 2 shows the changes in net assets for fiscal years 2012 and 2011, as well as a listing of revenues and expenses. This change in net assets is important because it tells the reader that, as a whole, the financial position of the School has improved or diminished. The cause of this may be the result of many factors, some financial, some not. Non-financial factors include the current laws in Ohio restricting revenue growth, facility conditions, required educational programs, and other factors.

Miscellaneous	5,525	4,831
Total Expenses	3,652,487	3,834,364
Change in Net Assets	\$ (83,888)	\$ (58,659)

The primary reason for the decrease in overall revenues from 2011 was the decrease in federal stimulus monies from the previous year. The School's most significant expenses, "Purchased Services – Management Fees" increased because of the management agreement in place between the School and WHLS and the calculation of such fees based on the state aid received. As stated previously, the agreement provides that specific percentages of the revenues received by the School will be paid to WHLS to fund operations (See the Notes to the Basic Financial Statements, Note 7).

Budgeting Highlights

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Chapter 5705, unless specifically provided in the community school's contract with its Sponsor. The contract between the School and its Sponsor does prescribe a budgetary process. The School has developed a one year spending plan and a five-year projection that is reviewed periodically by the Board of Directors. The five year projections are also submitted to the Sponsor and the Ohio Department of Education.

Capital Assets

At the end of fiscal year 2012 the School had \$2,600 invested in equipment, which represented a decrease of \$1,300 from 2011. Table 3 shows the changes in Capital Assets below.

Current Financial Issues

The Hope Academy University Campus received revenue for 379 students in 2012 (a decrease from 2011 of 1) and continues to enroll students on a daily basis. State law governing community schools allows for the School to have open enrollment across traditional school district boundaries. The School receives its support almost entirely from State Aid. Per pupil revenue from State Aid for the School averaged \$7,293 in fiscal year 2012. The School receives additional revenues in the form of grant subsidies.

State law allows sponsors to assess the schools up to 3 percent of State revenues as an oversight fee. In June of 2011, the School contracted with Buckeye Community Hope Foundation (BCHF) for one year (ending June 30, 2012) to be its sponsor. The school will pay BCHF three percent of State Aid as its sponsorship fee in fiscal year 2012. For fiscal year 2013 and beyond, the school is sponsored by St. Aloysius Orphanage for a three year term ending June 30, 2015 for a fee of 3% of state revenues.

Contacting the School's Financial Management

This financial report is designed to provide our readers with a general overview of the School's finances and to show the School's accountability for the money it receives. **HOPE ACADEMY UNIVERSITY CAMPUS
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012**

1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Hope Academy University Campus (the School) is a tax exempt 501(c)(3), state nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific, and related teaching service. The School, which is part of the State's education program, is independent of any school district. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School contracts HA University, LLC, a Nevada limited liability company, for most of its functions. WHLS of Ohio, LLC, a Nevada limited liability company ("WHLS") d/b/a White Hat Management Company, is the sole member of HA University, LLC and is the entity with which the School's board interacts regarding day-to-day operations (see Note 7 for details).

The School was originally approved for operation under contract with the Ohio State Board of Education for a period of five years from August 20, 1998, through June 30, 2003. The contract was subsequently renewed for a two year period from July 1, 2003, through June 30, 2005. Effective July 1, 2005, House Bill 364 required schools sponsored by the Ohio Department of Education to have new sponsorship in place by June 30, 2005. The School signed a contract with a new sponsor, Ohio Council of Community Schools (Sponsor), to operate for a period from July 1, 2005, through June 30, 2010. In June of 2010, the School contracted with Buckeye Community Hope Foundation (BCHF) for one year (ending June 30, 2011), then renewed for another year to be its sponsor. For fiscal year 2013 and beyond, the school is sponsored by St. Aloysius Orphanage for a three year term ending June 30, 2015, for a fee of 3% of state revenues.

The School operates under a self-appointing, seven-member Board of Directors (the Board). The School's Code of Regulations specify that vacancies that arise on the Board will be filled by the appointment of a successor director by a majority vote of the then existing directors. The Board is responsible for carrying out the provisions of the contract with the Sponsor, which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The facility is staffed with teaching personnel employed by WHLS, who provide services to 379 students.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with GASB pronouncements. The School does not apply FASB statements and interpretations issued after November 30, 1989. The more significant of the School's accounting policies are described below.

A. Basis of Presentation

The School's basic financial statements consist of a Statement of Net Assets, a Statement of Revenues, Expenses, and Changes in Net Assets, and a Statement of Cash Flows. Enterprise fund reporting focuses on the determination of the change in net assets, financial position, and cash flows.

**HOPE ACADEMY UNIVERSITY CAMPUS
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2012
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Basis of Presentation (Continued)

Auditor of State of Ohio Bulletin No. 2000-005 requires the presentation of all financial activity to be reported within one enterprise fund for year-end reporting purposes. Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the Statement of Net Assets. Operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned and expenses are recognized when they are incurred.

C. Budgetary Process

Unlike traditional public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Section 5705, unless specifically provided in the School's contract with its Sponsor. The contract between the School and its Sponsor requires a detailed school budget for each year of the contract. In addition, the Board adopted an operating budget at the beginning of fiscal year 2012. However, the budget does not have to follow the provisions of Ohio Rev. Code Section 5705, except for section 5705.391 as it relates to five-year forecasts.

D. Cash and Cash Equivalents

All cash received by the School is maintained in demand deposit accounts, certificates of deposit, and STAROhio. For purposes of the Statement of Cash Flows and for presentation on the Statement of Net Assets, investments with an original maturity of three months or less at the time they are purchased are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as "Investments."

During fiscal year 2012, investments were limited to the State Treasurer's Investment Pool (STAROhio). STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on June 30, 2012.

E. Intergovernmental Revenues

The School currently participates in the State Foundation Program, the State Disadvantaged Pupil Impact Aid (DPIA) Program, and the State Special Education Program, which are reflected under "State Aid" on the Statement of Revenues, Expenses, and Changes in Net Assets. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Intergovernmental Revenues (Continued)

Non-exchange transactions which are transactions, in which the School receives value without directly giving equal value in return, include grants, entitlements, and contributions. Grants, entitlements, and contributions are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School on a reimbursement basis. Amounts received under the above programs for the 2012 school year totaled \$3,568,389.

F. Capital Assets and Depreciation

For purposes of recording capital assets, the Board has a capitalization threshold of \$5,000.

The capital assets are recorded on the accompanying Statement of Net Assets at cost, net of accumulated depreciation, at \$2,600. Depreciation is computed by the straight-line method over three years for "Computers and Software," five years for "Equipment" and "Furniture and Fixtures," and five to twenty years for "Leasehold Improvements."

Aside from those mentioned above, the School has no other capital assets, as the School operates under a management agreement with WHLS. (See Note 7)

G. Use of Estimates

In preparing the financial statements, management is sometimes required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

H. Net Assets

Net assets represent the difference between assets and liabilities. Net assets consist of capital assets, net of accumulated depreciation, and unrestricted net assets.

I. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the School's primary activities. For the School, these revenues are primarily State Aid payments. Operating expenses are necessary costs incurred to provide the goods and services that are the primary activities of the School. Revenues and expenses not meeting this definition are reported as non-operating.

3. DEPOSITS AND INVESTMENTS

A. Deposits with Financial Institutions

At June 30, 2012, the carrying amount of all School deposits was \$8,547 and its bank balance was \$78,945. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures," as of June 30, 2012, the School's bank balance of \$78,945 was covered by the Federal Deposit Insurance Corporation.

The investment and deposit of the School's monies is governed by the provisions of the ORC. In accordance with these statutes, the School is authorized to invest in United States and State of Ohio bonds, notes, and other obligations, bank certificates of deposit, and STAR Ohio.

Custodial credit risk is the risk that, in the event of bank failure, the School's deposits may not be returned. The School has no deposit policy for custodial credit risk beyond the requirements of state statute. According to state law, public depositories must give security for all public funds on deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the School. State law does not require security for public deposits and investments to be maintained in the School's name. During 2012, the School and public depositories complied with the provisions of these statutes.

B. Investments

As of June 30, 2012, the School had the following investments and maturities:

<u>Investment Type</u>	<u>Balance at Fair Value</u>	<u>Investment Maturities</u>		
		<u>6 months or less</u>	<u>7 to 12 months</u>	<u>Greater than 12 months</u>
STAROhio	\$10,641	\$10,641	\$ -	\$ -

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the School's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: The School's investments at June 30, 2012, in StarOhio are rated AAA by Standard & Poor's. Investments in Star Ohio are rated AAAM by Standard & Poor's. The weighted average maturity of the portfolio held by StarOhio as of June 30, 2012 is 53 days.

Concentration of Credit Risk: The School places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the School at June 30, 2012:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Percent to Total</u>
STAROhio	\$10,641	100.00

4. GRANTS FUNDING RECEIVABLE/PAYABLE

The School has recorded "Grants Funding Receivable" in the amount of \$66,152 to account for the remainder of State and Federal awards allocated to the School, but not received as of June 30, 2012.

Additionally, under the terms of the management agreement (See Note 7), the School has recorded "Grants Funding Payable" to WHLS in the amount of \$64,945 for 100 percent of any State and Federal grant monies uncollected or unpaid to WHLS as of June 30, 2012.

5. CAPITAL ASSETS AND DEPRECIATION

For the year ended June 30, 2012, the School's capital assets consisted of the following:

	Balance <u>6/30/2011</u>	<u>Additions</u>	<u>Deletions</u>	Balance <u>6/30/2012</u>

6. RISK MANAGEMENT

Property and Liability - The School is exposed to various risks of loss related to torts; theft, damage to, or destruction of assets; errors and omissions; injuries to employees; and natural disasters. As part of its management agreement with WHLS, WHLS has contracted with an insurance company for property and general liability insurance pursuant to the Management Agreement (See Note 7). There was no significant reduction in insurance coverage from the prior year and claims have not exceeded insurance coverage over the past three years.

Director and Officer - Coverage has been purchased by the School with a \$1,000,000 aggregate limit and a \$2,500 deductible.

7. AGREEMENT WITH WHLS

Effective November 1, 2005, the School entered into a multi-year Management Agreement (Agreement) with WHLS of Ohio, LLC (through its subsidiary, HA University, LLC), which is an educational consulting and management company. The Agreement's term ran through June 30, 2008, was renewed for a three year term ending June 30, 2011, and renewal for additional one year term ending on June 30, 2012 or substantially all functions of the School have been contracted to WHLS. WHLS is responsible and accountable to the School's Board of Directors for the

administration and day-to-day operations.

7. AGREEMENT WITH WHLS (continued)

As part of the terms of this agreement, the "Continuing Fee" percentage of the School is 95.5 percent. "Continuing Fees" are defined in the Agreement as, "...the revenue per student received by the School from the State of Ohio Department of Education pursuant to Title 33 and other provisions of the Ohio Revised Code...". With regard to grant funding, the agreement reads as follows: "Federal Title Programs, lunch programs revenue, and other such federal, state, and local government grant funding designated to compensate the school for the education of its students shall be fully paid to the Company." The continuing fee is paid to WHLS based on the previous month's qualified gross revenues." As such, WHLS receives 95.5 percent of "State Aid" (See Note 2 E) and 100 percent of all other federal, state, and local grants. The School retains 4.5 percent of the "State Aid" as well as miscellaneous revenues generated from interest on deposits and donations.

The School had purchased service expenses for the year ended June 30, 2012, to WHLS of \$3,348,344, and payables to WHLS at June 30, 2012, aggregating \$64,945. WHLS is responsible for all costs incurred in providing the educational program at the School, which include but are not limited to, salaries and benefits of all personnel, curriculum materials, textbooks, library books, computers and other equipment, software, supplies, building payments, maintenance, capital, and insurance.

8. MANAGEMENT COMPANY EXPENSES

For the year ended June 30, 2012, White Hat Ventures, LLC and its affiliates incurred the following expenses on behalf of the School.

8. MANAGEMENT COMPANY EXPENSES (continued)

Overhead charges are assigned to the School based on a percentage of revenue. These charges represent the indirect cost of services provided in the operation of the School. Such services include, but are not limited to facilities management, equipment, operational support services, management and management consulting, board relations, human resources management, training and orientation, financial reporting and compliance, purchasing and procurement, education services, technology support, and marketing and communications.

9. DEFINED BENEFIT PENSION PLANS

The School has contracted with WHLS to provide employee services and to pay those employees. However, these contract services do not relieve the School of the obligation for remitting pension contributions. The retirement systems consider the School as the Employer-of-Record and the School ultimately responsible for remitting retirement contributions to each of the systems noted below (see Note 7):

A. School Employees Retirement System

Plan Description – WHLS, on behalf of the School, contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer pension plans. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by contacting School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746, or by calling toll free 1-800-878-5853. It is also posted at the SERS' website at www.ohsers.org under Employer/ Audit Resources.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the WHLS is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B, and Health Care Fund) of the System. For the fiscal year ending June 30, 2012, the allocation to pension and death benefits is 12.70 percent. The remaining 1.30 percent of the 14 percent employer contribution rate is allocated to the Health Care and Medicare B Funds. WHLS contributions to SERS for the year ended June 30, 2012, 2011, and 2010, were \$40,592, \$33,429, and \$52,416, respectively, which equaled the required contributions each year.

B. State Teachers Retirement System

Plan Description – WHLS, on behalf of the School, contributes to the State Teachers Retirement System of Ohio (STRS Ohio), which is a cost-sharing, multiple employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report, which may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org.

9. DEFINED BENEFIT PENSION PLANS (Continued)

B. State Teachers Retirement System (Continued)

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DB Plan and the DC Plan.

In the Combined Plan, member contributions are invested by the member and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For the fiscal year ended June 30, 2012, plan members were required to contribute 10 percent of their annual covered salaries. The School was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2011, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School's required contribution for pension obligations to STRS for the fiscal years ended June 30, 2012, 2011, and 2010, were \$113,330, \$120,240, and \$106,202, respectively, of which 100% has been contributed.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Retirement System. As of June 30, 2012, there were no members that elected Social Security. The contribution rate is 6.2 percent of wages.

10. POSTEMPLOYMENT BENEFITS

A. School Employee Retirement Systems

In addition to a cost-sharing multiple-employer defined pension plan the School Employees Retirement System of Ohio (SERS) administers two post employment benefit plans.

Medicare Part B

Medicare B plan reimburse Medicare B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefits recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part premium or the current premium. The Medicare Part B premium for calendar year 2012 was \$99.90; SERS' reimbursement for retirees was \$45.50.

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund, For fiscal 2012, the actuarial required allocation is .75 percent WHLS contributions for the years ended June 30, 2012, 2011, and 2010, were \$2,397, \$2,151, and \$3,117, respectively, of which 100% has been contributed.

Health Care Plan

ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions.

The Health Care Fund was established under, and is administered in accordance with, the Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14 percent contribution to the Health Care Fund. For the year ended June 30, 2012, the health care allocation is .55 percent. An additional health care surcharge on employers is collected for employees earning less than the actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll, nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For the fiscal year June 30, 2012, the minimum compensation level was established at \$35,800. The surcharge added to the unallocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The Schools' contributions assigned to health care for the years ended June 30, 2012, 2011, and 2010, were \$8,605, \$8,845, and \$7,833, respectively, of which 100% has been contributed.

10. POSTEMPLOYMENT BENEFITS (Continued)

A. School Employee Retirement Systems (Continued)

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years, Medicare eligibility, and retirement status.

The financial reports of SERS' Health Care and Medicare B plans are included in its *Comprehensive Annual Financial Report*. The report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on the SERS' website www.ohsers.org under **Employers/Audit Resources**.

B. State Teachers Retirement System

Plan Description – WHLS, on behalf of the School contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2012, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School's contributions for health care for the fiscal years ended June 30, 2012, 2011, and 2010, were \$8,718, \$9,249, and \$8,169, respectively, all of which has been contributed for all fiscal years.

The above is the latest information available.

11. CONTINGENCES

A. Grants

Amounts received from grantor agencies are subject to audit and adjustment by the grantor. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, in the opinion of the School, any such adjustments will not have a material adverse effect on the financial position of the School.

11. CONTINGENCES

B. Full Time Equivalency

The Ohio Department of Education conducts reviews of enrollment data and full time equivalency calculations made by the School. These reviews are conducted to ensure the School is reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. A review has been conducted for the 2011-2012 school year. The adjustments for FTE did have a material effect on the accompanying financial statements presented. An overpayment of \$23,137 has been reflected on the financial statements as State Funding Payable.

The Auditor of State is currently performing a statewide review of supporting documentation for student attendance data reported to the Ohio Department of Education. The results of this review are still pending and will be reported separately to the Ohio Department of Education at a later date.

The School received financial assistance from Federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. This also encompasses the Auditor of State's ongoing review of student attendance data. However, the effect of any such disallowed claims on the overall financial position of the School at June 30, 2012, if applicable, cannot be determined at this time.

12. SPONSORSHIP FEES

In June of 2011, the School contracted with Buckeye Community Hope Foundation (BCHF) for one year (ending June 30, 2012) to be its sponsor. The school will pay BCHF three percent of State Aid as its sponsorship fee in fiscal year 2012. Total fees for fiscal year 2012 were \$83,528. The Sponsor provides oversight, monitoring, and technical assistance for the School.

13. TAX EXEMPT STATUS

The School was approved under §501(c)(3) of the Internal Revenue Code as a tax exempt organization.

14. PAYABLES TO SCHOOLS

The School shares costs for certain professional services with other Hope Academies and Life Skills Centers. As of June 30, 2012, the School has \$9,263 due to other schools (payable) for various payments made for these services.

Note 1: In the initial years of operation, the School was responsible for funding the majority of its daily operations from State Aid. On July 1, 2002 (FY03), in an effort to improve the School's financial performance, the School signed a revised management with WHLS allowing for the daily operations to be run by the management company in exchange for a higher percentage management fee.

Note 2: The sponsor may contract with the school to receive 3% or less of the amount the State pays to a school annually, solely for the costs of its oversight and monitoring activities.
